

# Understanding Your Electric Bill

Indicates the total kilowatts used.

The actual reading date.

Date the bill is due in the office

Regular- actual reading  
Estimated- estimated reading

Previous Balance:  
Balance carried from previous month(s).

Payments Received:  
Payments made on your account during the past month.

Balance Forward:  
Previous balance minus payments received.

Other Adjustments:  
This includes any late fees, miscellaneous charges, and any adjustment that resulted from a previous estimated reading.

Other miscellaneous charges or credits are listed here.  
Ex: Security light, pennies from heaven

**PLEASE NOTE:**  
Any address or phone number changes should be indicated on this portion. In the event you need to make a name change, **YOU MUST** call the office to make this change.

**Generation & Transmission Charge:**  
Combined charges for generation and transmission. Generation is electricity produced at a power plant, and transmission is the network of high voltage lines that move electricity from a power plant to a substation.

**Basic Service Charge:**  
Monthly charge that covers the cost of having electricity available at your home or business. This charge is present whether or not you use any electricity.

**Distribution Charge:**  
Represents the cost of delivering electricity over the distribution lines to your home or business.

**Total Current Electric Charges:**  
Includes the total of generation, transmission, distribution, and consumer charges. Does NOT include any miscellaneous charges.
